

USPTO Customer No.: 25280

Case No.: 9263

textile substrate web on a tenter frame at a temperature of between 140 to 190° C as well as cutting of the textile substrate web to its final size.

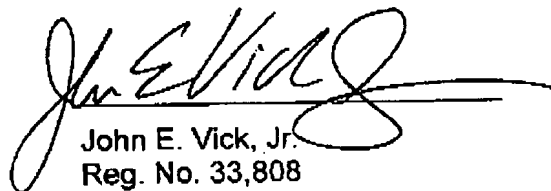

33. (Currently Amended) The use Use of a textile product ~~product~~ according to claim ~~claims 1 to 21~~ in ~~the interior space or trunk of a motor vehicle.~~ or as seat covers, in particular as seat middle web or seat sides.

REMARKS

Applicant hereby amends the claims to remove multiple dependencies, and also to cancel claims 10-21, without prejudice. There now is a total of 21 pending claims, of which two (2) are independent.

Claim Fee Refund

Applicant requests that claim fees already paid for these 12 canceled claims be refunded to applicant to Deposit Account No. 05-0400, as the claims have not been examined, and will not be examined, but were paid for on about June 16, 2005 when this application was filed.
